SUBJECT: TERMINATION OF NRC RADIOACTIVE MATERIALS LICENSE NO. 33-27678-01

By letter dated February 9, 2015, you informed the U.S. Nuclear Regulatory Commission (NRC) that you wished to terminate your NRC radioactive materials license. The NRC Form 313 and letter dated February 9, 2015 stated that you would like to change your mailing address from North Dakota to Texas. This administrative action requires that the existing license number is terminated and a new License No. 42-35224-01 is issued. Please note: your tie-down conditions were transferred to the new license.

Please find enclosed Amendment No. 10 to License No. 33-27678-01, authorizing your license termination. An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(20)(ii).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
