OK I have the package now. What I'd like to do, if you agree, is to update the memo and give it to Mike Markley to sign. Doug said he is too busy to look at it.

We have to update the memo to reflect a supplement that recently came in, and add some language on UFSAR submittal timing. I can go over both with you when you return, again if you don't mind.

Thanks.

It's been sitting on Doug's desk for months. I don't know why he just can't sign it off.

Mike, do you know status on this one?

Doug, I am trying to catch up on languishing TACs. For TACs MF2945/2946:

Comments from Firefly: "Benney Comments - good training for Mike Orenak. This was placed into Doug's inbox on 1/29/14, and should be signed out soon."

ADAMS Ref - ML14022A120. Not yet declared.

Any idea on status?

Thanks, Doug is not responding to me, but I'll see if I can shake it loose.

If he is not willing to process the document, I plan to take it to Mike Markley. Are you OK with that?
