Dear Mr. White:

Due to unanticipated delays associated with the additional testing needed to address the questions raised in your 14 April 2015 letter, QSA Global requests a further extension until 15 July 2015 to submit the response to your letter. This extension is necessary to allow us time to complete fabrication of the test unit, perform the testing and document the results for submission to your office. Should you have any additional questions or wish to discuss this response after receipt please feel free to contact me.

Sincerely,

Lori Podolak
 Manager, Regulatory Affairs/Quality Assurance
