Dear Mr. Case:

This refers to your application dated February 25, 2015, requesting an NRC license to use radioactive materials in well logging operations in State of Michigan. We have reviewed your application and we will need additional information to complete our review. In our second letter requesting for additional information, we asked you to response by May 20, 2015; however, as of May 26, 2015 we have not received your response. Therefore, we voided your application to allow you time to gather additional information to respond to our request. This action is without prejudice to resubmission. If you resubmit your request, please state that the resubmission is additional information to Control Number 586129.

If you have any questions or require clarification on any of the information stated above, you may contact us at (630) 829-9887.

In accordance with Title 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
