RE: Licensee: Nemours -Alfred I. duPont Hospital for Children
License No.: 07-16199-02
Docket No: 030-19939
Control No: 585713

SUBJECT: Additional Information as Requested to proceed with the renewal application for License No. 07-16199-02.

1. Please let this letter serve as management request to renew NRC License No. 07-16199-02. Management has reviewed and the application and concurs with the statements and representation contained within the renewal application.
2. The Correct mailing address is: 1600 Rockland Road, Wilmington, DE 19803. This will fulfill the requirement for License condition number 2.
3. We would like to maintain the authorization for 100 millicuries of Technetium 99m at this time for shielding verification.
4. Currently our license is a limited scope and as such we will adhere to the regulations pertaining to 35.100 and 35.200.
5. Currently the request for 35.100 and 35.200 does not include the use of Positron Emission Tomography (PET) radiopharmaceuticals. If we move towards utilization of PET in the future we will request another amendment at that time.
6. Procedures for the safe use of unsealed byproduct materials that meet the requirements of 10 CFR 20.1101 and 20.1301 have been developed, implemented and maintained electronically and via a paper copy.

Sincerely,

Roy Proujansky
Chief Executive, Delaware Valley Operations
Executive Vice President, Nemours
