Re: Control number 585825: U.S. Nuclear Regulatory Commission Materials
License Request for Written Consent of Proposed Transaction.

Dear Ms. Casey:

I am writing you to inform you that the proposed asset purchase has been yet again delayed. That said, I would like to formally request that Associated Imaging, Inc. /dba The Imaging Center be permitted to continue to operate under the current license as there has not been any transfer of assets. This is the last possible week to come to an agreement with regard to the transfer of assets. Closing will not occur until July 1st or August 1st even if an agreement is signed this week. This delay will eliminate the need for a two-step process requiring the license to only be transferred once.

Thank you for your assistance with this matter. I am hopeful that we will be able to resolve some of the fine detail of this proposed asset purchase and be able to finalize not only this license but many other loose ends.

Sincerely,

Christopher M. Conner
Business Manager

Dear Chris,

Your license does not expire on June 1st. The expiration date on the license is in Item 4 on page 1. The names for the license were differentiated by date, out of necessity, given the circumstances and timeline you presented us with. As this is an unusual situation, I have contacted my supervisor for advice on how to move forward with your situation. I am not available on Friday, May 22 or Monday, May 25, 2015. I will be working May 26 – 29, 2015, and after. As soon as I know something, I will contact you promptly. Thanks for letting me know of this development. Have a happy and safe holiday weekend.

Colleen

The buyer is now pushed back closing to August 1st. This puts us in an awkward position in that we now have a license that expires on June 1st. That said, I would like to figure out what you need to change our license to permit us to extend or revert back to the prior license.

Dear Chris Conner (as I do not know if you are a Mr. or a Ms.),

Please see the attached brief record about an issue we still have regarding signatories for the request to change ownership for your NRC license. If you're not entirely sure what we need, let me know if you'd like to schedule a brief phone call and when that would work best for you. We are on central time, and I think you are on eastern time, correct me if I'm wrong.

Thanks very much, hope to talk to you sometime on Tuesday, April 21, 2015, then.
