In the Matter of
POWERTECH (USA) INC.,
Docket No. 40-9075-MLA; ASLBP No. 10-898-02-MLA-BD01

Dear Administrative Judges:

Consistent with 10 C.F.R. § 2.336, 10 C.F.R. § 2.1203, and the Board's orders in this proceeding, the U.S. Nuclear Regulatory Commission (NRC) Staff reports that there is one document required to be disclosed by the Staff. This document is listed in Attachment 1. Because this document is not yet available in Public ADAMS, the Staff is attaching the document to this letter (Attachment 2). The Staff has not identified documents that, under 10 C.F.R. § 2.390, are exempt from disclosure.

The Staff will continue to update its mandatory disclosures, hearing file, and privilege logs in accordance with 10 C.F.R. §§ 2.336(d) and 2.1203(c), and the Board's orders.

Sincerely,

Mr. Persinko,

We have yet to hear word of any plans NRC has to take action to complying with the order given about two weeks ago by ASLB.

I think it would be worthwhile for NRC management and staff to hear from Powertech and our consultants, including our position on complying with the order including ideas on how to do this. Particularly, I would like you to hear the from our cultural resources expert Lynne Sebastian.

I would like to know if you and staff would be willing to discuss in a conference call at your earliest convenience. We are under a tight timeline at the moment and would like to discuss as soon as possible.

Sincerely,

John
