SUBJECT: U.S. NUCLEAR REGULATORY COMMISSION SPECIAL INSPECTION
TEAM REPORT 70-3103/2014-006

Dear Mr. Laughlin:

The U.S. Nuclear Regulatory Commission (NRC) conducted a Special Inspection at the URENCO-USA (UUSA) site from October 30, 2014 through April 30, 2015. The purpose of the inspection was to review classified information issues. The enclosed report (Enclosure 1) documents the inspection results, which were discussed with you and other members of your staff during an exit meeting on April 30, 2015.

During the inspections, the staff examined activities conducted under your license as they relate to the handling of classified information. The inspections consisted of facility walk-downs; selective examinations of relevant procedures and records; interviews with plant personnel; and plant observations. Throughout the inspections, observations were discussed with your managers and staff.

Details concerning these inspections are classified therefore; the enclosed report will not be made available electronically for public inspection in the NRC Public Document Room, or from
