Reference: [1] Holtec Letter 5014780, "Exemption Request for Holtec HI-STORM 100 Certificate of Compliance 72-1014," to M. Lombard (NRC) from K. Manzione (Holtec), dated December 18, 2014
[2] Holtec Letter 5014782, "Holtec International HI-STORM 100 Cask System, USNRC Docket No. 72-1014, License Amendment Request (1014-10), to M. Lombard (NRC) from K. Manzione (Holtec), dated January 5, 2015
[3] NRC Letter, "Amendment Request No. 10 to the Holtec International HI-STORM 100 Cask System, Certificate of Compliance No. 1014- Accepted for Review (TAC No. L24979)," to S. Anton (Holtec) from J. Goshen (NRC), dated January 29, 2015

Dear Mr. Lombard:

Holtec International previously submitted a request for exemption, regarding ASME Section II (Reference [1]). The same request was also made under the request for HI-STORM 100 Amendment 10 (Reference [2]), and the amendment request is proceeding through the NRC review process, with a draft Certificate of Compliance expected in June 2015 (Reference [3]). Therefore, Holtec asks that the exemption request submitted in Reference [1] be withdrawn, and the NRC review continue under the amendment request process.

If you have any questions, please contact me at (856)-797-0900 ext. 3951.

Sincerely,

A handwritten signature in cursive script that reads "Kim Manzione".
