Subject: To whom it may concern

As a head of family with children and grand children generations in the growing process, it is a matter of GREAT CONCERN to see the further development of extensive Nuclear Power production plants within our home living radius in South Florida.

Turkey Point Nuclear Reactor Plant is all ready ENOUGH A TREAT for us in the vescinity . Me and my Family STRONGLY OPPOSE to permitting of new developments of NUCLEAR POWER PLANT projects in this area we have called home for over 5 decades.

Please take our concern to the highest level of descition making management for such unwanted projects.

CLEAN ENERGY production options for South Florida such as SOLAR ENERGY should take priority over more risky options.

We appreciate the attention given to our citizen's concerns about energy producing options.

Yours Truly

THE ZUNIGA FAMILY
Miami, FL. 33145
