Chattanooga, Tennessee 37402

Dear Mr. Miller,

This is in reference to J.W. Shea's letter dated December 3, 2014, which included an updated decommissioning funding plan for Nuclear Regulatory Commission License No. 41-08165-18, Docket No. 03035695. Mr. Shea's letter submitted an updated Certification of Financial Assurance and an estimate of decommissioning costs for the activities and facilities authorized by the license; however, the estimated decommissioning costs provided show an increase over the costs listed in the most recent Statement of Intent on file with our office. The current Statement of Intent dated June 3, 2011, shows the estimate as being \$12,000, and the December 3, 2014, estimate provided is \$51,000.

Please submit a Statement of Intent with the updated decommissioning cost estimate for our records.

If you have any questions please contact me. My contact information is below.

Thank you for your cooperation.

Sincerely,
Scott Wilson
