SUBJECT: CLINTON POWER STATION-REGULATORY CONFERENCE

Dear Mr. Hanson:

This letter confirms our plans, as discussed between members of our staffs, to hold a Regulatory Conference to discuss a preliminary White finding. The details regarding the issue were conveyed to you in our NRC Inspection Report 05000461/2015001 dated May 13, 2015. The meeting will begin at 1:00 p.m. (CST) on Thursday, June 25, 2015, at the Nuclear Regulatory Commission (NRC) Region III Office, 2443 Warrenville Road, Suite 210, Lisle, IL 60532-4352. This meeting will be open to the public.

The Regulatory Conference is being held to obtain information to assist the NRC in determining the safety significance of the finding and apparent violation detailed in the referenced inspection report. The conference will provide an opportunity for you to present your perspective on the facts and assumptions used by the NRC to arrive at the finding, your assessment of the significance of the finding, and any other information that you believe the NRC should take into consideration in making an enforcement decision.

The NRC would appreciate receiving any supporting documents no later than Friday, June 19, 2015, in order to make the conference more effective and efficient.

Following the conference, you will be advised by separate correspondence of the results of our deliberations on this matter.

B. Hanson
