SUBJECT: THOMAS HEALTH SYSTEM, LICENSE AMENDMENT, CONTROL NO. 586338

Dear Mr. Ulery:

This refers to your license amendment request dated February 24, 2015. Enclosed with this letter is the amended license transferring the facilities and materials of Charleston Hospital, Inc. d/b/a Saint Francis Hospital under NRC License No. 47-17745-01 to the renamed Thomas Health System license. This is being issued concurrent with the termination of the Charleston Hospital, Inc. d/b/a Saint Francis Hospital license under mail control number 586406. In addition, please note that the tie-down condition from License No. 47-17745-01 that describes facilities and equipment has been included in the enclosed license. This amendment also adds Mohammed Y. Haffar, M.D., Muhammad S. Mian, M.D., Bassam Moushmoush, M.D., Maria Luna T. Navarro, M.D., and Jashvantlal Thakkar, M.D. as authorized users. Please note that the spelling of Dr. Thakkar's last name has been corrected to reflect that on NRC License No. 47-25520-01.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).
