U. S. Nuclear Regulatory Commission  
ATTN: Document Control Desk  
Director, Division of Spent Fuel Management, NMSS  
Washington, DC 20555

Calvert Cliffs Nuclear Power Plant  
Independent Spent Fuel Storage Installation, License No. SNM-2505  
NRC Docket No. 72-8

**Subject:** Confirmation of Compliance with Calvert Cliffs Independent Spent Fuel Storage Installation License Condition

- References:**
1. Letter from M. M. Sampson (NRC) to G. H. Gellrich (Exelon), dated October 23, 2014, Issuance of Renewed Materials License No. SNM-2505 for the Calvert Cliffs Site Specific Independent Spent Fuel Storage Installation (TAC No. L24475)
  2. Letter from G. H. Gellrich (Exelon) to Document Control Desk (NRC), dated September 18, 2014, Response to Fourth Request for Additional Information for Renewal Application to Special Nuclear Materials License No. 2505 for the Calvert Cliffs Site Specific Independent Spent Fuel Storage Installation (TAC No. L24475)

In Reference 1, the Nuclear Regulatory Commission issued Calvert Cliffs Nuclear Power Plant, LLC (Calvert Cliffs) renewed operating license for the Independent Spent Fuel Storage Installation. License Condition 19 required Calvert Cliffs to confirm in writing that procedures to implement the activities described in the Aging Management Programs (submitted in Reference 2) are in place, that appropriate references to the Aging Management Programs are in place, and the procedures will remain in place for the period of extended operation.

This letter confirms that Calvert Cliffs has met the stated conditions and is in compliance with License Condition 19 of the renewed Independent Spent Fuel Storage Installation license.

There are no regulatory commitments contained in this correspondence.
