Update to Classification Officer Appointment for the American Centrifuge Program

Dear Mr. Layton:

The purpose of this letter is to update the appointment of the Classification Officer for the American Centrifuge Program, as previously provided to the U.S. Nuclear Regulatory Commission (NRC) by Reference 1. Enclosure 1 provides the U.S. Department of Energy's appointment letter for the Classification Officer/Designation of Derivative Declassification Authority, dated May 21, 2015. No specific action is requested concerning this submittal.

If you have any questions regarding this matter, please contact me at (301) 564-3250 or Mario Robles at (740) 897-3285.

Sincerely,

Dear Mr. Peed:

This is in response to a request for approval of your appointment as the Classification Officer (CO) for Centrus-American Centrifuge Program. I have reviewed your qualifications and approve your appointment as CO effective April 13, 2015, based on your previous experience as the CO for USEC-American Centrifuge Program.

In addition, you are certified as a Derivative Classifier, Derivative Declassifier, and Unclassified Controlled Nuclear Information Reviewing Official. Enclosed are certificates and descriptions of authority. The descriptions of authority provide important information concerning the effective and expiration dates, jurisdictions, and specific programmatic area(s) of authority. You should review them carefully to ensure that you understand the limitations of your authorities and the requirements for biennial training and testing.

If you have questions regarding this letter or the enclosures, please contact me at Nicholas G. Prospero at (301) 903-9967.

Sincerely,

A handwritten signature in black ink, appearing to read "Nuel D. Prospero", is written over the typed name.
