Re: Termination of Nuclear Medicine Program

Dear Ms. Elliott,

This letter is for the purpose of informing you that Cardiovascular Associates of the VI, License Number-55-31325-01, will be closing its nuclear cardiology division due to excessively high cost of nuclear source products and vender issues here in our small island community.

We confirm that we will dispose of the sealed sources by returning them to the vender via acceptable methods.

Thank you

Sincerely,

Kendall M Griffith MD
