To Whom it may Concern:

I wanted to request the database that contains facilities listed on the Material Licensing Tracking system that possess or use radioactive materials as reported by the U.S. Nuclear Regulatory Commission. In the data I would like the address for each facility listed. I also would like to see if the data I currently get has all the data that is possible.

I have requested this listing on June 5 of this year but I was missing some columns so I was told to request again with all columns I need.

In the database the columns I am looking for are as follows:

- LICENSEE
- CONTACT STREET
- CONTACT CITY
- CONTACT STATE
- CONTACT ZIP
- FIRST NAME
- LAST NAME
- SUFFIX
- CONTACT PHONE
- LOCATION OF USE ADDRESS
- LOCATION OF USE CITY
- LOCATION OF USE STATE
- LOCATION OF USE ZIP
- LOCATION LATITUDE
- LOCATION LONGITUDE

I would appreciate your help.

Thank you
