Re: NRC License #47-01458-01; request for amendment

Please make the following amendment to our license:

Add these authorized users to our license:

	Effective date of AU eligible certification
Evan G. Kupec, M.D.	July 1, 2012
Garrett W. Stover, M.D.	July 1, 2012
Wesley D. Tuel, M.D.	July 1, 2011

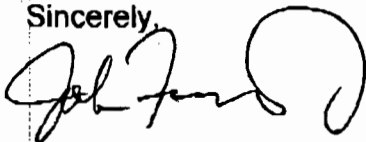

The material and use for each should be 35.100, 35.200, and oral administration of sodium iodide I-131 requiring a written directive with no restriction on quantity.

Each of these individuals is listed for these uses on the NRC License for Monongalia General Hospital, License # 47-16259-01, which expires on October 21, 2021.

If you have any questions or require additional information, contact our Radiation Safety Officer, James Israel, at (681) 342-1832. His email address is IsraelJ@uhcwv.org.

Thank you.

Sincerely,

John Fernandez
Vice President, Operations

588162

UHC/RGNI MATERIALS-002

This is to acknowledge the receipt of your letter application dated

06/09/2015, and to inform you that the initial processing which includes an administrative review has been performed.

47-01458-01 (Amendment)
There were no administrative omissions. Your application was assigned to a technical reviewer. Please note that the technical review may identify additional omissions or require additional information.

Please provide to this office within 30 days of your receipt of this card

A copy of your action has been forwarded to our License Fee & Accounts Receivable Branch, who will contact you separately if there is a fee issue involved.

Your action has been assigned **Mail Control Number** 588162.
When calling to inquire about this action, please refer to this control number.
You may call us on (610) 337-5398, or 337-5260.
