SUBJECT: AECOM, LICENSE AMENDMENT, CONTROL NOS. 584947 and 586690

Dear Mr. Szurgot:

This refers to your June 22, 2015 letter in response to the NRC letter dated April 29, 2015, regarding submittal of final written documentation of completion of the merger between AECOM Technology Corporation and URS Corporation, and the letter dated April 21, 2015, from John Volk, AECOM, regarding company name and Radiation Safety Officer (RSO) changes. As noted in our April 29, 2015 letter, an administrative amendment to your NRC license is necessary to reflect the transaction and name change. Enclosed with this letter is the amended license which includes the RSO change.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Med, Ind, & Academic Uses**; then **Licensee Toolkits**, see our **toolkit index page**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 8:00 a.m. to 5:30 p.m. EST, Monday through Friday (except Federal holidays).
