Mr. William Dircks  
Council on Environmental Quality  
Executive Office of the President  
722 Jackson Place, N. W.  
Washington, D. C. 20006

Dear Mr. Dircks:

I am forwarding under separate cover copies of supplemental reports on Oconee, Units 1, 2 and 3, prepared by the Duke Power Company; Ft. St. Vrain, prepared by Public Service of Colorado; and Fermi, Unit 2, prepared by the Detroit Edison Company.

We would appreciate your review of this information to identify potential problem areas and to determine if any additional information may be required. Please let us know the results of your review as soon as possible. As additional information is submitted by the applicants, we will forward it to you.

Sincerely,

LESTER ROGERS

Lester Rogers, Director  
Division of Radiological and  
Environmental Protection
