Offsite Dose Calculation Manual (ODCM) Revisions

I am enclosing revisions made to the Duke Power Offsite Dose Calculations manual effective January 1, 1994. The original of this letter submits a complete copy of the entire ODCM as required by Oconee Technical Specification 6.1.2.1.1 4) and McGuire Technical Specifications 6.14.2.c). The following sections are affected by this revision:

Revision 37	Generic
Revision 34	Oconee Nuclear Station
Revision 35	McGuire Nuclear Station
Revision 36	Catawba Nuclear Station

By copy of this letter, I am transmitting the revised pages to be inserted in Control Copy Number 33 (assigned to ONRR) and Control Copy Number 34 (assigned to Region II) along with an approval letter for each section. Please insert revision pages affected according to the insertion instructions found on the approval letters. The approval letter for the Generic Manual along with the justification for the Revision 37 should be placed in front of the entire notebook. Each approval letter (including justifications) for the Oconee, McGuire and Catawba manual revisions should be placed in the front of their respective notebook sections.

If you have any questions concerning the above, please contact L. B. Jones at 704-382-4753.

Very truly yours,

M. S. Tuckman
