**Subject:** [External\_Sender] Don't weaken radioactive waste rules

Dear Secretary,

The Nuclear Regulatory Commission is considering changes to its radioactive waste regulations. These changes would:

- \*weaken radiation protection standards

- \*allow deregulation of some radioactive waste

- \*prevent states from setting their own, stricter safety standards for radioactive waste

- \*establish a clear conflict-of-interest by allowing waste dump operators to perform their own safety assessments in order to accept more kinds of waste at their sites.
