Dear Mr. DeLaBarre:

Enclosed for your information are reports which list all 10 CFR Part 110 Non-Appendix P U.S. Nuclear Regulatory Commission export and import cases which were completed and received during the month of July 2015.

In summary, two licensing cases were completed and nine license applications were received in July 2015. It should be noted that as of the date of this letter, 38 cases are pending.

The Office of International Programs will continue our review of the existing pending cases that do not require Executive Branch views. We understand that, for most of the pending cases listed in the report, the Executive Branch is waiting for foreign government assurances as required by the Atomic Energy Act of 1954, as amended by the Nuclear Non-Proliferation Act of 1978.

Sincerely,

*/RA/*

Office of International Programs
