Subject: [External_Sender] NRC/FPL Public Meeting on FSAR 2.5 Issues - 7/9/2015

Manny

As requested:

(This may be too much detail, it is up to you i.)

Meeting Summary:

The purpose of this public meeting/call was to discuss the draft response to RAI 02.05.01-34. [This RAI ask FPL to address to potential issues the NRC Staff reviewer had found in a new reference. A recently published Master Thesis provided a discussion on tectonic structures in the Santaren Channel and the Straits of Florida.]

The NRC had some initial comments which address the amount of information such as text & figures which will be in the FSAR. The NRC specifically requested that FPL consider placing a figure showing the location of the features or acknowledgment that the features are tectonic. The response should identify the TI team members and should more clearly describe the SSHAC process, including acknowledging that there were not many responses, and that most feedback was from one person. The response should clearly address both if the features described by Kula are tectonic or not, as well as whether they are seismogenic or not. The NRC suggested a potential additional in-person meeting in mid-August to discuss geotechnical and geology issues

Here is the list of attendees for the July 9th Public call:

FPL

Burski, Raymond

Jacobs, Paul

Maher, William

Wilkinson, Jack

Franzone, Steve

FPL Contractors:

Bechtel

Kemp, Douglas

Samad, Mustafa

Cunliffe, John

Elkhoraibi, Tarek

Ostadan, Farhang

Fenster, David

Wyche, Altheia

Marrone, James

Tavakoli, Behrooz

Furgo/LCI

Hogan, Phil

LaForge, Roland

Hartleb, Ross
Briggs, Stephanie
Lindvall, Scott

AMEC
Hanson, Kathryn
Lavine, Alexis
Ryan, Marc

Rizzo
Gutierrez, Juan
Mead, Jennifer
Tastan, Onur Erdem

If you have any questions, please call.

Thanks

Steve Franzone
