Pamela Henderson, Deputy Director
Division of Material Safety, State, Tribal, and Rulemaking Programs
Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
T8-E24
Washington, D.C. 20555-0001

Dear Ms. Henderson:

Enclosed is a copy of the final revisions to the Utah Radiation Control Rules as adopted by the Utah Radiation Control Board: The following changes were effective on November 21, 2014.

- General Provisions-Definitions
- General Requirements for the Issuance of Specific Licenses
- License Requirements for Land Disposal of Radioactive Waste-
General Provisions-Definitions

The final regulations are identified by line in/line out text (or similar identification) and correspond to the following equivalent amendments to NRC's regulations.

<u>Rats ID</u>	<u>Title</u>	<u>State Section</u>
2011-2	General Provisions - Definitions	R313-12-3
2011-2	General Requirements for the Issuance of Specific Licenses	R313-22-33
2011-2	License Requirements for Land Disposal of Radioactive Waste - Definitions	R313-25-2

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Programs (FSME) Procedure SA-200.

If you have any questions, please feel free to contact Mike Givens at (801) 536-0278 or mgivens@utah.gov.

Sincerely,

for Scott T. Anderson, Director
Utah Division of Waste Management and Radiation Control
