Topical Report DPC-NE-2000,
"DCHF-1 Correlation for Predicting
Critical Heat Flux in Mixing Valve Grid Assemblies"

My letter of October 21, 1987 submitted the subject Topical Report for NRC review. Attached are replacement pages for the report which correct various typographical errors and/or adjust the correlation limits (Page 2-2) to better reflect the actual limits of the correlation data base. These changes are not significant, but may assist the staff in completing its review. When the Topical Report is approved, it will be reprinted with the corrected pages.

If we may be of further assistance, please call Scott Gewehr at (704) 373-7581.

Very truly yours,

H. B. Tucker
