This concerns your letter dated May 10, 2015, requesting to add a new sealed source manufacturer and model number to your license. As discuss with you on August 14, 2015, the NRC cannot add this particular sealed source to your license because it is not listed in our Sealed Source and Device Registry database. Therefore, we have voided your application. This action is taken without prejudice to the resubmission of your request.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS).
