How far away from my property is Crow Butte Resources ISL uranium mine? 15-20 miles

1. Do you or anyone in your home have health issues? I take Levotyropine for my  
Thyroick Husband - heart, breathing + diabetes #2  
Examples

2. Do you have issues with your water on your property? Have city water but uncertain  
of all the toxic materials still in the city water.  
Examples

3. Do you believe that In Situ Leach mining can damage ground water, aquifers? yes

4. Do you believe recent research on In Situ leach mining should be considered? yes

5. Do you believe the Oglala Sioux Tribe, as neighbors should have been formally consulted in the permit process? yes the Whiteclay runs all around us

6. Do you believe the Final Environmental Assessment violates the National Environmental Policy Act in concluding that the short-term impacts from consumptive ground water use during aquifer restoration are MODERATE? undec

7. Do you believe the Final EA violates policies and regulations by failing to include discussion of ground water restoration mitigation measures? yes absolutely

8. Do you believe the Final EA omits discussion of the impact of tornadoes on the license renewal area, and inadequately discusses the potential impacts from the land application of ISL mining wastewater? yes Omissions

9. Do you believe the Final EA violates the National Environmental Policy Act in its failure to provide an analysis of the impacts on the project from earthquakes; especially as it concerns secondary porosity and adequate confinement? Yes, fracturing my cause earthquakes.

IN MY OWN WORDS: Water and clean air are important  
for living. Many cases of cancer, diabetes, strokes  
M.S. and deformities.
