Rich,

I happened to come across Entergy's August 18 responses to RAI Set 2015-01 this morning when I was in ADAMS looking for something else. In the future, I would appreciate a heads-up when you issue any license renewal-related letter. I ask this for a variety of reasons, not the least of which is so that I can ensure that the letter gets processed into ADAMS and distributed appropriately. In addition, I would ask that you forward an electronic copy of any letter as soon as it is available. This helps to expedite getting the letter to the appropriate staff for their review.

I would also like to note two issues with your cc list: First, I'm not on the list. Second, I had previously asked that Dave Wrona be removed from the cc list. If you would update your cc list to address both of those issues, I would appreciate it.

If you have any questions about this, or would like to discuss, please let me know.

Thanks,
Mike
