Operating Reactors Branch No. 4

Re: Oconee Nuclear Station  
Docket Nos. 50-269, -270, -287

Dear Sir:

In accordance with NUREG-0737, Item II.D.1 as revised on September 29, 1981, Duke Power Company submitted on July 1, 1982 the results of the Oconee Nuclear Station specific analysis of safety and relief valve qualification, block valve qualification, and preliminary results of the piping and support system evaluation. The final evaluation of the relief and safety valve piping and support system was to have been provided by January 1, 1983. The evaluation is nearing completion and will be submitted by January 21, 1983.

Very truly yours,

*H. B. Tucker / BT*  
Hal B. Tucker
