Docket Nos. 50-269, -270, -287

Dear Sir:

My letter of June 4, 1980 transmitted five copies of a report entitled "Oconee Nuclear Station Generic Startup Physics Test Program" to your office. Subsequent to that submittal, it was discovered that the section describing power distribution measurements at 100% power has been inadvertently deleted. Please find attached five corrected copies of the report which replace those provided previously in their entirety.

Very truly yours,

William O. Parker, Jr.
