Docket Nos. 50-269, -270, -287

Dear Sir:

Your letter dated October 1, 1980, requested that Duke Power Company submit proposed updated Technical Specifications for the Fire Protection Program at the Oconee Nuclear Station by January 15, 1981. My letter of January 15, 1981 delayed the subject Technical Specifications until March 16, 1981. However, the subject Technical Specifications are currently in the final stages of being reviewed. The reviews should be completed and the Technical Specifications submitted to your office no later than April 16, 1981.

Very truly yours,

*William O. Parker Jr.*
