## General Comment

Do we need any more proof the NRC is embedded with the nuclear industry? Congratulations the NRC has gone from corrupt to pure evil. There is no proof hormesis works, in fact the evidence points to the opposite. Please learn about the Petkau effect. You are killing the planet. Radiation bioaccumulates, biomagnifies and it kills. As far as I am concerned, this is just the NRC protecting their busom buddies from litigation and endangering the entire northern hemisphere as a result. How much did it cost them to get the NRC to sell out the human genome? Our poor children, mine and yours. What a legacy. This one idiotic attempt by the nrc to push hormesis theory has made me lose any hope I had for our children. And I'm sure it will pass, when has the NRC or the nuclear industry ever put the will or safety of the public before their bottom line.
