Director, Office of Nuclear Material Safety and Safeguards
Attn: GLTS
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Subject: Transfer of Equipment (GL-709189)

Dear Sir,

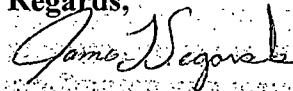

The City of Escanaba Department of Public Safety was at one time the representative member of Michigan Region 8 Regional Rapid Response Team Network (RRTN). While a RRTN member we possessed much equipment to include the APD-2000 which you refer to in your latest correspondence.

During the spring of 2013 The City of Escanaba made a decision to no longer be a RRTN member and that designation was passed on to another public safety department in the region, Ironwood Department of Public Safety. With their designation as a team member the Ironwood Department of Public Safety also inherited all of the assigned equipment, including the APD-2000 Monitor (SN 1253 A00-8907) you have been inquiring about.

The Ironwood Department of Public Safety is located at 123 West McLeod, Ironwood, MI 49849. The contact person for the RRTN in Ironwood is Public Safety Officer Brandon Snyder, Snyder@cityofironwood.org. The contact number for Officer Snyder is 1-906-932-1234.

Please contact Officer Snyder for further information about the APD-2000 (SN 1253 A00-8907).

Regards,

James Segorski, Captain
Escanaba Department of Public Safety
