In the Matter of
ENTERGY NUCLEAR OPERATIONS, INC.
(Palisades Nuclear Plant)
Docket Nos. 50-255-LA-2

Dear Administrative Judges:

Pursuant to the Atomic Safety and Licensing Board's July 14, 2015, Initial Scheduling Order ("ISO"), the U.S. Nuclear Regulatory Commission ("NRC") staff ("Staff") is providing notification that the hearing file has been supplemented for this proceeding. An index containing the Agencywide Documents Access and Management System ("ADAMS") accession number, date, and title or description of each item in the hearing file is appended hereto as Attachment 1.

On or about September 10, 2015, the documents identified in the hearing file may be accessed through ADAMS or through the Electronic Hearing Docket ("EHD"), which may be accessed at <http://adams.nrc.gov/ehd/>. The hearing file will be contained in the "Staff Discovery Materials" tab of the EHD, in a sub-folder entitled, "Palisades Hearing File, Update 1" in the "Palisades_50-255-LA-2" folder.

In addition, pursuant to 10 C.F.R. § 2.336(c), attached is the Affidavit of Jennivine K. Rankin, certifying that all relevant materials required by this section have been disclosed, and that the disclosures are accurate and complete as to documents identified by August 18, 2015.

Finally, the NRC Staff notes that it has made a good faith effort to identify and characterize all documents meeting the criteria of 10 C.F.R. § 2.336(b), 10 C.F.R. § 2.1203, and the ISO in this proceeding. In identifying these documents, the Staff does not concede their relevance to the issues to be decided in this proceeding.
