Subject: Termination of License

This is to provide additional information regarding termination of Associated Endocrinologists' NRC license 21-24444-01. Form 314 and supporting information were submitted to the Materials Licensing Branch on August 28, 2015. We have now received a validated copy of NRC Form 483, registration number GL-727313. A copy is attached.

With regard to Form 314, section B, item 2a, since we now have a General License Registration Certificate for *in vitro* Testing, our authorization for the prepackaged test kits in our possession will be transferred to General License GL-727313, with Associated Endocrinologists, P.C. as the licensee.

If any additional information is needed for the termination of License 21-24444-01, please let me know.
