**CROW BUTTE RESOURCES, INC.
(License Renewal for the In Situ Leach Facility, Crawford, Nebraska)
Docket No, 40-8943
ASLBP No. 08-867-02-OLA-BD01**

To Whom This May Concern:

This letter is to support Crow Butte Resources in the renewal of its license to operate an in-situ uranium mine.

We have lived only a few miles away from the Crow Butte Mine since its beginning. We know many employees and of their great care and concern for the environment and safe drinking water for us all.

Crawford, Nebraska is a small town struggling to survive. If this renewal permit is not allowed, it will mean loss of many jobs, therefore hurting our school and community. Many families will be forced to leave for other work. Please allow this permit.

Sincerely,
