Dear Mr. Tucker:

SUBJECT: CONTROL ROOM HABITABILITY TECHNICAL SPECIFICATIONS (NUREG - 0737,
ITEM III. D.3.4)

RE: Oconee Nuclear Station, Units 1, 2 and 3

We have not yet received your proposed revisions to the Technical Specifications (TSs) on control room habitability. In your letter dated June 24, 1985, you stated that you will be submitting these TS revisions by December 1, 1985. My staff has discussed this issue with your staff on numerous occasions. We understand that you have significant difficulties reaching an agreement on the TSs to be proposed.

We request that you justify this delay and give us an expected submittal date; please respond within 30 days of the date of this letter. This request for information affects less than ten respondents; therefore, OMB clearance is not necessary per Public Law 96-511.

Sincerely,

/S/
