Dear Mr. Tucker:

Our contractor for Generic Issue No. 105, "Interfacing LOCA at LWRs," has produced the enclosed draft report on this subject. The report will be modified based on information obtained for the Oconee Plant.

We believe it would be mutually advantageous for you to comment on the report, particularly on the estimate for the cost of the various possible corrective actions discussed. Costs will be included in the next task to be performed at Brookhaven National Laboratory (BNL). We discussed with your staff that we will be sending this report and would appreciate any comments you may have. For straightforward comments, you may contact BNL directly.
