RULES AND DIRECTIVES

General Comment

The inclusion of non-power reactor licensees within the "ADDRESSEES" section of this draft RIS may give the impression that the NRC intends to impose power reactor QAP regulations and guidance on non-power reactor licensees.

Please consider removing non-power reactor licensees from the "ADDRESSEES" section since the subject regulations and NEI document are well beyond the scope of QAP regulation for non-power reactors.

Thank you for your consideration.
