Dear Mr. Kelley:

This acknowledges receipt of your letter dated August 7, 2015, reporting an incident that occurred on May 11, 2015, in which a device suspected to belong to the Army was recovered after being sold on line through eBay. The U.S. Nuclear Regulatory Commission (NRC) has reviewed your letter and its attachments and has no further questions at this time. Because of the difficulties in identifying the exact origin of the device and whether the device ever contained radioactive materials, we consider our review of this event closed barring any further information. Please keep us informed of any further developments in this case.

In accordance with Title 10 of the *Code of Federal Regulations* (CFR) 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/reading-rm/adams.html>.
