Hi Lisa,

We reviewed the draft and had no comments. Thanks for checking before submitting to the MRB.

Terry

Subject: North Dakota Draft IMPEP report

Hi Terry,

The Management Review Board (MRB) meeting for the North Dakota IMPEP review is just around the corner. I need to prepare the report for the MRB. Before doing that, I wanted check if North Dakota had any comments or corrections to the draft report that was sent to the program in late July. For the report going to the MRB next week, I would incorporate any feedback from the State. If you have no comments or corrections, let me know. If you haven't had a chance to review and need me to resend, the report, please let me know. If a hard copy response was mailed to Chris Einberg, please send me an electronic copy, otherwise its hard to tell when a mailed copy will be received.
