Ron

I have reviewed the draft report and will have a conference call today for CR Mine Units 2-6. Any changes should be made in a week and should be ready for submittal in September. Realistically I would anticipate a submittal in next couple of weeks.

Subject: Question: CR MU 2-6 Restoration Report Status

Scott:

When will NRC expect a response to the October 23, 2012 NRC Technical Evaluation Report on the Christensen Ranch Mine Unit 2-6 Restoration Report? I seem to think you told me verbally a few weeks ago we should see the report in September 2015, but I may be confusing that with the IR MU 1-9 Final Status Survey Report you just sent in. The last written correspondence I can find on the Restoration Report is from a meeting summary dated July 7, 2014 (meeting was 5/27/14) where we asked for a status update.

Ron
