SUBJECT: SECOND NOTICE OF LICENSE EXPIRATION – (see attached for copy of first notice)

Your U.S. Nuclear Regulatory Commission license will expire on **31 August 2015**. If you wish to continue your licensed program, you should prepare and submit a renewal application on NRC Form 313 (enclosed), following regulations in 10 CFR and licensing guidance NUREG 1556, "Consolidated Guidance About Materials Licenses", Volume 9, Program-Specific Guidance About Medical Use Licenses. Your NRC Form 313 must be signed and dated by a certifying official who has authority over the resources supporting the licensed material.

You must submit an application for the renewal of your license at least 30 days before the expiration date on the license.

If you do not wish to renew your license, you must dispose of or transfer all licensed radioactive material in your possession in accordance with 10 CFR 30, 40 and 70. Then complete the enclosed Form NRC-314, "A Certificate of Disposition of Materials" and return it before the expiration date of your license, with a request that your license be terminated.

As a courtesy to you I am attaching other historical documents that might be of some assistance to you.

Please contact me if you have any questions.

Sincerely,

James R. Cassata, Ph.D., CHP
