NRC Emergency Response Teams are activated to respond to incidents at NRC-licensed facilities by calling the NRC Operations Officer at (301) 816-5100. Team composition depends on the specific facility and includes NRC personnel qualified to respond to an emergency at that facility. Radiological assessment expertise is available upon DOE request.

^{*} Region III is responsible for the entire state of Missouri except the Callaway Nuclear Power Plant. Region IV is responsible for the Callaway Nuclear Power Plant.
