Terry,

Sorry for the delay in getting back to you. What we are looking for in that documentation request are the MACCS2 input/output decks in whatever format is convenient (e.g., PDF, etc.).

I hope this clarifies the request.

Thanks,  
Mike

Terry,

I just wanted to let you know that I am still working on getting this clarified for you. I hope to have something later today.

Thanks,  
Mike

**Subject:** Question for M. Wentzel on SAMA Document Request

Terry,

Our technical team has the following question for Mike Wentzel regarding SAMA General RAI #4 (Doc request for Windows based Methods for Estimation of Leakages and Consequences of Releases (MELCOR) Accident Consequence Code System (WinMACCS) calculation documentation) –

- WinMACCS documentation is currently available on the NRC website:  
<http://pbadupws.nrc.gov/docs/ML0723/ML072350221.pdf>
- However, the DCPD Level 3 model does not use WinMACCS and does not reference the above WinMACCS document.
- DCPD used MACCS2. Volume 1 of the MACCS2 User's Guide is on the NRC website (<http://pbadupws.nrc.gov/docs/ML1100/ML110030976.pdf>). DCPD can provide Volume 2 if necessary.

Is it acceptable to provide t he NRC with the MACCS2 Vols 1 & 2 User's Guides for the SAMA Audit?

Thanks in advance,  
Michelle Olsofsky
