Radiation Safety Officer  
Brian Morley, P.E.

RE: Control: 588256

Dear Mr. Morley:

You, Brian Morley, have been appointed radiation safety officer (RSO) and are responsible for ensuring the safe use of radiation. You are responsible for managing the Radiation Protection Program, identifying radiation protection problems, initiating, recommending, providing corrective actions, verifying implementation of corrective actions, stopping unsafe activities, and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations when justified, to maintain radiation safety. You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the U.S. Nuclear Regulatory Commission at any time. It is estimated that you will spend 1-3 hours per week conducting radiation protection activities.

Sincerely,

GREAT LAKES ENGINEERING GROUP, LLC

Brian Morley, P.E.  
RSO

Amy Trahey, P.E.  
President

RE: Control 588256

To Whom It May Concern;

This correspondence is submitted to certify that Brian Morley, P.E. has been designated as the Radiation Safety Officer (RSO) at Great Lakes Engineering Group, L.L.C., by Amy L. Trahey, P.E., President.

Brian Morley has successfully completed training required for Individuals Responsible for Radiation Safety Program, as outlined in NUREG-1556 Vol. 1, Rev. 1 and 2, and understands and accepts the duties and responsibilities associated with the role of RSO. This includes maintaining independent authority to stop operations that he considers unsafe. It is understood that currently, Brian Morley has approximately 10 years of experience performing quality assurance calculations of moisture/density results and verifying proper techniques in the handling, transporting and maintenance of a Troxler moisture/density gauge. The management (specifically Brian Morley) of Great Lakes Engineering Group, L.L.C. will commit that adequate time (minimum 1-3 hours per week as stated previously) and resources are allowed and provided for the fulfillment of the duties and responsibilities related to this job.

Please contact us at 517-363-4400 if you require additional information.

Sincerely,

GREAT LAKES ENGINEERING GROUP, LLC

Brian Morley, P.E.  
Radiation Safety Officer
