RE: Receipt of sources, Materials License 13-15882-01

Dear Sir or Madam:

Our facility has purchased the practice of Shashidhar Divakaruni, M.D., which was practicing under Materials License number 13-32585-01. The address of Dr. Divakaruni's facility was 1730 45th Street in Munster, IN 46321.

The practice has relocated their sources to our facility's Nuclear Medicine hot lab. The sources were transported from Dr. Divakaruni's practice by Cardinal Health representatives to our facility the morning of 8/27/2015. Attached is a list of the sources and a copy of the letter Dr. Divakaruni wrote to the NRC, dated July 24, 2015, notifying the closure of his practice at the 45th Street location.

Dr. Divakaruni will be sending the NRC a final letter with the wipe test documentation and close out of their practice in the coming month.

In October of 2015 or later, his nuclear medicine camera equipment will be moved to our facility at 801 MacArthur Boulevard in Munster Indiana. Amendment #88 for license 13-15882-01, page 3, denotes the approval of use of licensed material at the 801 MacArthur location (attachment 3).

If you have any further questions, please contact me at 219-836-7351 or jp Katz@comhs.org.

Sincerely,

Jacqueline Katz, RT, MBA

Re: License # 13-32585-01

To Whom It May Concern,

This letter is to inform you that we are merging with the local hospital and will be closing our Nuclear Medicine Department on Tuesday September 1st, 2015. All radioactive materials will be transferred to the Community Hospital at 901 MacArthur Blvd. Munster, IN 46321. A closeout survey will be completed for the use and storage location at 1730 45th Street to ensure there is no contamination or radioactive materials remaining. A copy of the closeout survey and a NRC Form 314 Certificate of Disposition of Materials will be sent to your attention once the use and storage of radioactive materials has ceased.

Our mailing address will remain the same; please contact us if additional information is needed.

Thank You

Sincerely,

Shashidhar Divakaruni, M.D., Owner
