**RE: Additional Information for License Renewal Nuclear Cardiac Imaging, LLC
License # 21-32577-01, Control # 586437**

Dear Ms. Bishop:

Please find the enclosed additional information for the license renewal application for:

**Nuclear Cardiac Imaging, LLC
3303 Dobson Drive
Bay City, MI 48706
License # 21-32577-01**

**Mailing Address:
3491 S. Huron Rd., Suite 2
Bay City, MI 48706**

1. Concerning radioactive material use; we will only be using 35.200 material for cardiology studies at temporary job sites.
2. Radioactive material will be delivered directly to each truck at the job site, only when the nuclear medicine technologist is present. Cardiology studies are performed on each truck. The camera is not a portable system.

Daily surveys are performed on designated areas within each truck. Surveys are performed with a calibrated GM survey meter. Weekly wipe testing is also performed on designated areas throughout the truck and counted in a calibrated well counter. If any contamination is located, proper spill decontamination will be used to clean the affected area, and surveys and wipes will be repeated and documentation will reflect all decontamination actions and readings.

We hope that we have answered all questions to your satisfaction, however if more information is required, please don't hesitate to contact Laura Luna at 734-662-3197 or lluna@mpcphysics.com. Thank you.

Sincerely,

Dale Sharrard, CEO
Executive Management
