Ms. Trefethen

This email is being sent in response to a letter sent to me dated July 24, 2015 requesting concurrence on determination of no effect regarding Ft. St. Vrain Independent Spent Fuel Storage Installation license amendment request regarding changes to technical specification 3.3.1. I apologize for the delay in my response.

The Colorado Department of Public Health and Environment concurs with the NRC's preliminary determination that the proposed amendment to the TS 3.3.1 will not affect local environmental resource areas.

Please feel free to contact me if you have further questions.

Thank you,  
**Jennifer T. Opila, MPA**
